**Year 4**  
**Term 5 2019-2020**  
What did the Romans do for us?

**Computing – NewsMaker**  
To support of literacy work, in computing, the children will be using the NewsMaker app to create video news report.

**History – The Romans**  
Our History topic focuses on the Romans. We will look at when in time the Roman period was, why the Romans were so powerful and look more closely and specific famous Romans. We will finishing the topic with a trip to Chedworth Roman villa.

**PE – Rounders**  
In rounders, the children will practise their bowling and battling skills to improve their accuracy. The skills will then be incorporated into group and whole class games of rounders.

**PE – Athletics**  
In athletics, the children will practise a range of running, throwing and jumping events prior to sports day.

**English – Non-chronological reports**  
The children will learn how to write non-chronological reports and write one linked to our history topic, The Romans

**English – Playscripts**  
The children will learn all about the language features of plays and how to write and perform them.

**Science – Sound**  
Science this term will focus sound. Children will explore how sounds are produced, look at pitch and volume and understand how we hear sounds. There will be opportunities for investigations and practical work throughout the topic.

**Music**  
The children will continue to sing songs and perform music from our new Music Express scheme of work.

**Design and Technology—Roman chariots**  
Children will learn about Roman chariots and their uses. They will then design, make and evaluate their own Roman chariot to fit a design brief. Children will learn how to use equipment safely during this topic.

**PSHCE – Sex and relationships.**  
See separate email sent out last term.

**RE – Jesus’ Miracles**  
Following on from last term’s RE about Jesus, we will be looking at the miracles of Jesus, such as the feeding of the 5000 and Jesus walking on water.
